A decorative header banner featuring a grayscale world map composed of small dots. The map is centered on the Atlantic Ocean, showing the continents of North and South America on the left and Europe and Africa on the right. The banner has a dark gray background with a black triangle in the top-left corner.

Challenges

- Cost
- Structure and Infrastructure
- Human Resources
- Driver for Accreditation
- Leadership commitment
- Paradigm shift to Patient Centered Care

A decorative header banner featuring a grayscale world map composed of a grid of dots. The map is centered and spans the width of the banner. The text 'Recommendations to overcome challenges' is overlaid on the map in a white, bold, sans-serif font. The banner has a dark gray background on the left side that transitions into the map.

Recommendations to overcome challenges

- True understanding for the cost effectiveness of Accreditation
- Leadership commitment
- Human Resources Development
- Create awareness for the importance of Patient Centered Care specially among the clinics and diagnostic center's.
- Introducing Essentials program

Suggestions For Collaboration Between All Accreditation Programs In Arab Region

- JCI is working closely and supporting National Accreditation programs
- Training of Surveyors
- Building regional and international consensus
- Complementing each other
